## **Clerk Report July 2020**

#### Training

DBC planning training attended by 6 Councillors. Health and Safety e-training undertaken by Clerk, Warden, Chairman and Chairman Personnel. GDPR essentials e-training undertaken by Clerk. Clerk registered for Equality and Diversity e-training.

#### **HAPTC Clerk Forum**

I am still attending weekly for Covid-19 updates and guidance.

#### Rialtas

Software installed and I am attending set up training (remotely) 9<sup>th</sup> July 2020. Due to this the relevant finance document sign offs as required by our financial regulations will be deferred to the August meeting. Quikbooks has now been cancelled.

#### Bank Signatories and Online Banking/Investments

Chairman and Clerk are finalising online banking with NatWest. We cannot add an additional signatory until this is completed. Once signatories are correct the additional savings account can be opened.

#### **Willow Trees**

As requested at the last meeting I have checked back through email and financial records to 2016. I cannot locate any invoice having been paid by NMPC for the trees.

#### **Christmas Lights**

After lengthy discussions with both HCC and DBC, I attended a site visit with Cllr Cobb and Tony Moore from DBC (3/7/2020). Various options discussed. Cllr Cobb to report. 7/7/2020 Electrician used by DBC visited site to arrange quotation for power installation.

#### **Bins at Riverside Flats**

Warden has notified continual problems with fly-tipping on private land. Clerk to write to management company to request assistance as it is not covered by DBC or parish as it is private land.

#### **Playground Re-opening**

Council Playpark reopening Risk Assessment circulated and on agenda for sign off. Appropriate signage sourced. Clerk has sought advice from local authority and DBC have been unable to confirm their intended actions regarding the opening of playgrounds (as at 7/7/2020) but the warden has confirmed (7/7/2020) that they have been reopened with appropriate signage.

#### **Gate at Playpark**

Frank Cooper and Sons are due to visit the site when their schedule allows. Clerk monitoring.

#### **Play Inspections**

Rospa visit undertaken, no high-risk matters. Awaiting Sovereign visit this month then a full report will be circulated to council.

#### Agenda requests

#### Grit bins

#### Power to spend to be determined as it may be s.137 expenditure.

Action point for Clerk from previous meeting, current locations attached as per asset register. (appendix 1) <u>Clerk would like council to consider and if approved authorise Clerk to obtain permissions for installation from</u> <u>relevant authority and purchase for location opposite Bunkers Park</u>

## <u>Appendix 2</u>

## **Report to Nash Mills Parish Council**

## Play Park Bunkers Lane (Trees)

## Introduction

Nash Mills Parish Council hold a lease over the land for the Bunkers Lane Play Park. The land is owned by Abbots Hill School. The lease was for 7 years and expires at the end April 2022. NMPC originally held a licence over the land (since June 2008, revised May 2010) and this was superseded by the lease (May 2015). The licence originally placed the responsibility for bushes, fences and walls within the playpark with NMPC and the maintenance of trees (*see appendix 1 section 3*) however this responsibility was not delegated when the lease was created (lease available on request). The Clerk held a meeting with the Facilities Manager (Andrew Rennard) on Wednesday 11<sup>th</sup> March to discuss the responsibilities that fall to the parish council and those which are the responsibility of Abbots Hills School, in particular the trees within and bordering the park following the clerks recent appraisal of risk assessments held by NMPC. There was an email exchange where the Clerk was advised that NMPC had responsibility for the trees and associated risk assessments.

There is no evidence of any tree inspection or risk assessment for the area within or surrounding the park. Abbots Hill have a rolling inspection programme and the play park was not included in the last inspection (2 years ago).

There is however correspondence on file from 9<sup>th</sup> June 2010 between the previous Clerk and school where the school have requested recompense for tree works within the park and the council declined to contribute.

## Matters for consideration by Council.

- Abbots Hill have suggested that the trees should be the responsibility of NMPC if we are continuing the lease *'in the understanding and spirit'* that the original licence was taken.
- NMPC needs to mitigate any risk to itself and the park users by ensuring that the relevant inspections and assessment are being undertaken.
- The quotes received are detailed below
   Quote 1 £1285 + Vat (Tree Survey & Digital Mapping)
   Quote 2 £900 + Vat (Tree Survey, Tree Management Report & Tree Map)
   Quote 3 £450 + Vat (basic tree risk assessment and report)

*Quote 4 £780 + vat (Tree Risk Assessment inspection)* 

• NMPC have previously declined to contribute.

#### Recommendation

The Clerk is deferring this to council for suggestions in addition to those listed below.

NMPC need to decide the next course of action re the tree risk assessments.

- We could pass full responsibility to the school, (particularly in light of the correspondence already held on file).
- It could be that we undertake the minimum required to fulfil our insurance requirements.
- We could (as a gesture of goodwill) offer a contribution to the reports cost but request that the school instructs an inspection, whilst highlighting that they hold the liability should any damage or injury occur.
- Any other suggestions from Council.

Whatever course of action NMPC takes would then inform any conditions that we need to be aware of or request when negotiating the next lease.

Nikki Bugden Clerk to the Council 26/3/2020

## Licence (appendix 1 section 3)

2.6 to make such arrangements as may be necessary for the felling and removal from the field of any trees situate within the field which are dead at the commencement of the term hereby granted or which in the duration of the term subsequently die and to bear any such expenses as may be incurred in the course of such felling and removal as aforesaid and maintain all trees in good order

Full lease available to Councillors on request.

#### Nash Mills Parish Council - Borough Councillor Report - July 2020

It has been very much 'business as usual' with Dacorum, although all meetings are still online. Here is a short update on areas I have been involved in this month.

#### **Play Parks**

The play parks operated by DBC re-opened on Saturday 4<sup>th</sup> July and people are already starting to visit them.

#### Health in Dacorum

It is well known that I have been campaigning for hospital services for 19 years. I am a member of the New Hospital Campaign group and at Dacorum meetings I always hold the West Herts Hospital Trust and Herts Valleys Clinical Commissioning Group to account. The latest news here is that the hospital trust has now been invited by NHS England to apply for £590m; this is a similar amount that other Trusts have been offered to build a new hospital. The trust is clearly of the opinion that this extra money should be used to build more new buildings at Watford, however, Mike Penning is as always campaigning with our group and together we are still pushing for a new build on a greenfield site. I have signed up to join the West Herts Stakeholder Reference Group, and will continue to use every opportunity to challenge the Trust, as they have been instructed to revisit an option for a clear site for a new hospital.

#### Local Matters

#### Nash Mills Wharf – Weir

Whilst the weir and 'mill stream' in Nash Mills Wharf is in private ownership, the weir collapse at the beginning of the year had a huge impact on the ecology in the area and the water levels in the mill stream and the canal. In June the developer tried to block the sluice gate with huge sandbags and within hours several of these slipped into the culvert under the road, causing several tonnes of sharp sand to wash into the canal. I made contact with the Canal and River Trust (CRT) and they have now taken an active role in ensuring the works are done properly to resolve this issue, and they regularly send me updates to pass on to the residents via social media. The new sluice gate is ordered and should be installed in the next few weeks. This had a knock-on effect and the canal levels dropped drastically between Locks 67 and 68, so I contacted the CRT who have again had to barricade the entrance to the mill stream until the sluice gate is replaced in order to hold the water back.

#### **Willow Trees in The Willows**

The willow trees that were pollarded in The Willows (rear of Kingfisher Drive and Swan Mead, alongside the canal) are starting to look really beautiful again and they are growing very quickly. Of the juvenile willows that were planted in spring 2019 three have died. A fourth was looking dear but has now thankfully started growing. I have requested replacements for the dead trees and hope they will be replaced in the winter this year.

#### **Nash House**

I have had several discussions with the planning officer regarding the two planning applications for Nash House, and he is in no doubt about my feelings regarding further

development on this site. I have asked that *if* he is minded to approve the applications, they will go to Development Management Committee in order to be determined by councillors; although of course, I am hopeful that he will refuse the applications anyway.

#### **Milbor Engineering**

There is an application to discharge some conditions of this application, but the plans seem to have changed slightly so I am currently looking into this.

#### 143 Belswains Lane

This is just outside the parish, but is in the Nash Mills ward. and will have an impact on the local area so I am including in this report for information. I have met with residents via Zoom to discuss the latest planning application for this site. The application is for eight 2-bed houses, in two terraces of four, to face towards Pinecroft, but with parking at the rear in the driveway off Belswains Lane. Following the meeting I emailed a list of 16 comments/questions/suggestions to the planning officer who passed those on to the developer. They have agreed to almost everything we asked for and are trying really hard to ensure a minimal impact on the local area. We still have a way to go but this is a great example of the developer working with, rather than against, the community. One major factor is that there will be no access, by vehicle or foot, onto Pinecroft. This will ensure that parking issues in Pinecroft and The Denes is not negatively impacted.

#### Nash Mills Methodist Church – Planning Appeal

I spoke at the extraordinary meeting as the borough councillor, to explain the process of an appeal. I have received many telephone calls, emails and social media messages regarding this site, My response is that the owners have made the site look very much tidier, for which I am grateful, and that there is no new application, but that the owners have appealed against the refusal of the application last December. As the borough councillor I am compiling a response to the appeal document, as is the parish council, and then we will wait for HM Planning Inspector to make a decision, which will be respected whatever the outcome. My speech to the parish council is appended to the minutes of the Extraordinary Meeting dated 29<sup>th</sup> June 2020.

#### **Unlawful Building**

I have been in discussions with Dacorum's Enforcement team with regard to reports of unlawful building in Nash Mills, and would remind everyone that any building works people undertake without the correct permissions are likely to be enforced and could end up in a very costly resolution.

#### **Bedmond Road – Crematorium**

The new cemetery off Bedmond Road is now complete and there is a planning application for a crematorium within the site. This will be heard at DBC's Development Management Committee in the coming weeks, but I am largely in support of the plans. I have been working with local residents in Woodfield Drive and Woodfield Gardens to mitigate the impact on their road and will be discussing these measures at the parish meeting.

## Nash Mills Parish Council

## **Re-opening of Play Equipment Risk Assessment**

## Introduction

The Government recently announced that Play Parks could be re-opened on 4 July 2020 and subsequently produced guidance offering "practical advice on how these can be reopened and managed effectively to enable their use while minimising the transmission risk of COVID-19". The guidance is available at: <a href="https://www.gov.uk/government/publications/covid-19-guidance-for-managing-playgrounds-and-outdoor-gyms/covid-19-guidance-for-managing-playgrounds-and-outdoor-gyms/covid-19-guidance-for-managing-playgrounds-and-outdoor-gyms.">https://www.gov.uk/government/publications/covid-19-guidance-for-managing-playgrounds-and-outdoor-gyms/covid-19-guidance-for-managing-playgrounds-and-outdoor-gyms.</a>

The guidance includes a requirement to "carry out an appropriate COVID-19 risk assessment". It is made very clear that "failure to complete a risk assessment which takes account of COVID-19, or completing a risk assessment but failing to put in place sufficient measures to manage the risk of COVID-19, could constitute a breach of health and safety law".

The Association of Play Industries are disputing the onerous measures placed on councils and their statement can be found here <u>https://www.api-play.org/wp-content/uploads/sites/4/2020/07/APIStatementFinal.pdf</u>

Advice has been taken from Came & Co, the Parish insurer, their response is "Whilst we are unable to advise whether specific measures are acceptable to comply with Government guidelines, we can advise what the insurance requirements are. Therefore I can confirm, the policy we arrange requires reasonable steps to be taken to prevent or protect against injury, illness, loss or damage arising. Provided such steps are in place and subject to all other policy terms and conditions being met, the policy will respond should a claim arise and the Council is found legally liable and the following risk assessment ensures that we have considered the risks in line with the Govt advice and taken all actions that are practible for our parish to administer".

The school holidays are due to commence shortly and the provision of outside play areas has a benefit to the mental and physical wellbeing of the users. On that basis, this Risk Assessment takes each of the Key Principles as set out in the Govt. guidance and assesses whether or not practical arrangements can be put in place in the context of the play park in Nash Mills.

#### Conclusions

NMPC will seek to re-open the playpark once all signage and risk assessments are signed off as we have taken all reasonable steps to take practible action in line with both Govt. and Industry advice.

Risk Assessments undertaken by the Clerk and conclusions agreed by all councillors.

#### Summary of Meeting

Based on our site visit to the Denes, the grass area in the centre section (between the footpaths) is approximately 15m wide and approximately 8m deep at one end and 6m at the other. There is a working phone box at one end and a lamppost at the other. We'd like to consider whether the Parish Council could use some reserve money to fund a small (possibly paved) social area on the middle section of the grass, including a few benches, planters, shrubs, new litter/recycling bins and a larger parish notice board with space for community use. Although we've discussed a few initial ideas, we need to understand what permission is required from HCC (as owners) and from Dacorum in relation to grass cutting. Once we know this, we can move on to gathering relevant quotes and presenting ideas / options to council.

#### Area in question

The area that we'd like to consider updating (and potentially adopt for maintenance within the parish) is a section in the middle of the grass in front of the Denes, shown below by the blue outline. The zoomed in version also shows access pathways from each side.

The area slopes downwards toward the car park so that would need to be taken into account for safety and water run-off.

**AGENDA ITEMS -** INSERT WORDING TO APPEAR ON THE AGENDA. REMEMBER TO MAKE IT CLEAR WHAT YOU ARE ASKING COUNCILLORS TO DECIDE. PLEASE ALSO NOTE IF YOU ARE LOOKING FOR A SPECIFIC RESOLUTION.

"To consider..." "To note..." "To review..." "To agree...."

- To consider when to restart delivery of the magazine
   To consider inviting small businesses within Nash Mills (who could serve Nash Mills residents) to promote their business by way of a short introduction article. If agreed, to resolve criteria and draft a note to local businesses to gauge interest.
- To consider current advertising space and the potential to offer businesses who live in Nash Mills free advertising
- To consider any other content that may be relevant in this edition.

**BACKGROUND INFORMATION** - INSERT AS MUCH INFORMATION AS POSSIBLE SO THAT COUNCILLORS HAVE THE DETAIL THAT THEY NEED IN ORDER TO MAKE AN INFORMED DECISION.

- The Spring edition of the our Parish magazine was postponed due to lockdown. I'd like us to discuss when we think we should start to deliver again and any practicalities around the decision.
- As a gesture to support local business who serve the parish, could we ask whether they would be interested in a short introduction article (length to be determined depending on update and potentially first come first served with the potential for other articles in future editions). Example criteria could be they must live in the parish or have a business address in the parish (confirm who already pays parish precept) and the business could serve Nash Mills residents.
- Should we also offer free advertising to businesses in the parish for a set time (e.g. one year) while there is money
  available and to support businesses post Covid.
- In addition, does anyone have an immediate ideas for articles / content for the first magazine?

To consider and to agree whether to apply to adopt the Google listing for "Nash mills parish council playground" and to seek to merge the listing with that for "Nash Mills Playing Field".

If Council agrees to adopt the listing, then to further agree that the Social Media Working Group should be tasked with managing the content of the listing.

If Council does not agree to adopt the listing, then Council to consider and agree whether to apply to have "parish council" removed from the listing title.

**BACKGROUND INFORMATION** - INSERT AS MUCH INFORMATION AS POSSIBLE SO THAT COUNCILLORS HAVE THE DETAIL THAT THEY NEED IN ORDER TO MAKE AN INFORMED DECISION.

The entry "Nash mills parish council playground" in the title implicates the Council's involvement but is unclaimed in terms of a Google "business".

#### SUPPORTING INFORMATION

#### Place listings on Google Maps.

Google Maps features an extensive collection of addresses and businesses around the world. Anyone can suggest that a missing location be added. If / when you do so, it may take some time for the location to be added, since it may need to be reviewed before being added to the live Google Maps. I recently went through this process and got the Gilman Dorr Blake Memorial added as a "Memorial Park".

In the past, someone has been through the process for the play park, hence the listings.

Since I wrote the agenda request, the "Nash Mills Playing Field" seems to have been removed, so whilst we need to keep checking this in the coming months (Google data changes all the time), it may no longer be necessary to take any action.

If a place already exists, it is possible to claim it as your business.

The care home is an example of a location with an associated business: <u>https://www.google.com/maps/place/Water+Mill+House+Care+Home/@51.7299506,-</u> <u>0.4520801,17z/data=!4m13!1m7!3m6!1s0x48764107e844aa45:0x60595c5098997fce!2sNash+Mills,+Hemel+Hempste</u> <u>ad!3b1!8m2!3d51.7235319!4d-</u> <u>0.4477985!3m4!1s0x4876410b34917283:0xdae977e30c14dc91!8m2!3d51.7284054!4d-0.4502812</u>

Although NMPC is not a "business", the same principal applies.

The play park listing presents a "Claim this business" link which can be used to initiate the process.

https://www.google.com/intl/en\_uk/business/resources/getting-set-up/claim-verify-google-mybusiness-listing/

Since the NMPC name is mentioned in the listing, it implies parish ownership, though the council currently has no control of it.
